

# Sydney to Hobart Yacht Race 2024

**The Sydney to Hobart yacht race, hosted annually by the Cruising Yacht Club of Australia, begins in Sydney on December 26 and spans 628 nautical miles to Hobart. Known as one of the world's toughest races, it began in 1945.**

Orthopaedic Outreach Board Member Paul Pincus is boosting Outreach's profile by branding his yacht, "SOLACE," a 13.66-meter Beneteau First 44.7. His crew includes AOA members John Tuffley and Bill Donnelly, who bring sailing expertise. They aim to complete the race in about four days, though with Hobart's unpredictability, it's anyone's guess!

## Your guess could win you a bottle of Grange!
